## What is MINT? How to become member of MINT?

**The Motivational Interviewing Network of Trainers (MINT)** is an international organization of trainers in motivational interviewing. The trainers come from diverse backgrounds and apply MI in a variety of settings. Their central interest is to improve the quality and effectiveness of counseling and consultations with clients about behavior change. Started in 1997 by a small group of trainers trained by William R. Miller and Stephen Rollnick, the organization has since grown to represent 35 countries and more than 20 different languages.

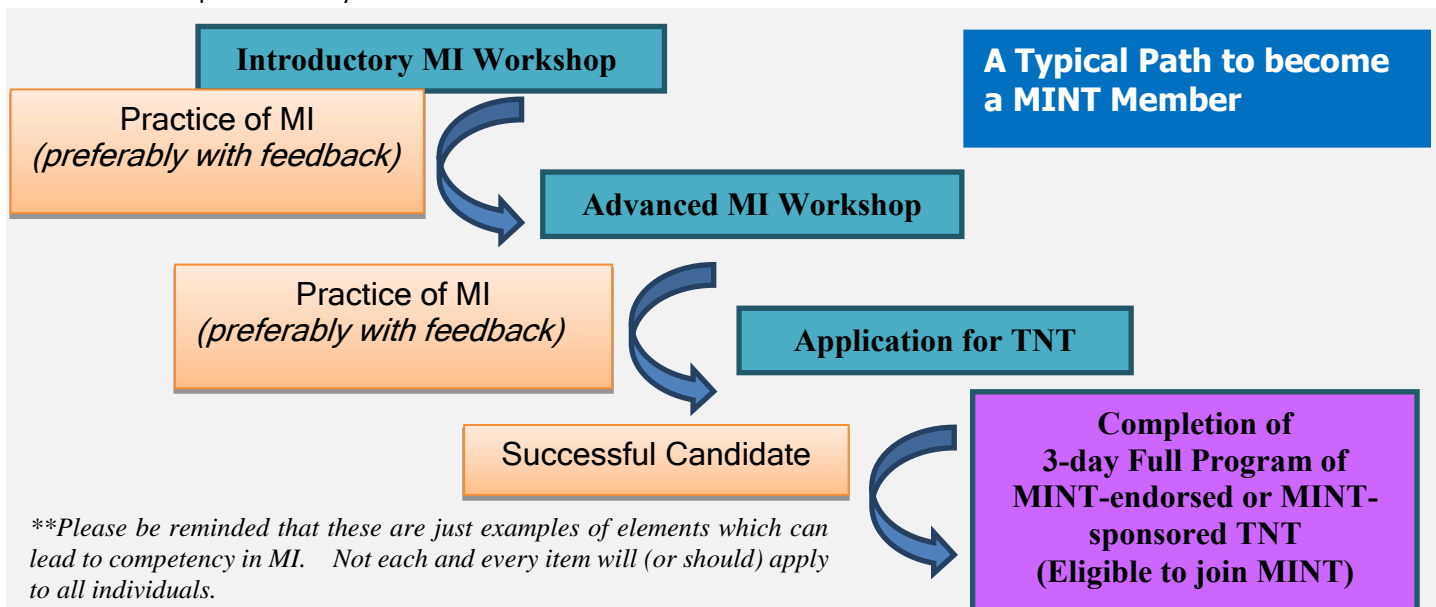

The only current way to be eligible for membership in MINT is through completing the **Training for New Trainers (TNT)** sponsored or endorsed by MINT. Application to a MINT-sponsored or MINT-endorsed TNT is a formal process and requires demonstration of participants' current ability to practice motivational interviewing.

The current workshop will not qualify participants to enter the Motivational Interviewing Network of Trainers (MINT) but will provide you a good foundation of MI prior to applying for participation in the TNT. Information about how to enter the MINT can be found at [www.motivationalinterview.org](http://www.motivationalinterview.org)

### Advanced Workshop

This 2-day advanced workshop assumes prior formal training and reasonable proficiency in MI. This workshop is not designed to introduce the clinical method itself.
